COMPANY **PROFILE**

The very reason for our existence at Elvis is experiment with innovation. Not for our own sake but to bring about the greatest designs for today's consumer. This takes an instinct for thinking creatively and for initiating change, challenge and competitiveness in this new era of global competition. Our vision is the evolution of smarter and sophisticated fittings and since our inception in 1997 we have been dedicated to this. As we stand at the interaction of appliances, infrastructure and services, the core areas of the new production philosophy that enables leadership, we are able to produce conventional as well as contemporary designs with utmost ease.

Elvis combines style and substance. Our products are in a well earned top slot.

Our state-of-the-art integrated production facilities at Delhi are well supported by a professional designing team. The design studio of Elvis is equipped with multi-dimensional designing hardware and software which enables us to create some of the finest contours and curves. The quality assurance concept at Elvis is based on the inputs.

Meeting the most stringent specifications and use of manufacturing process which would ensure a very high quality of products manufactured. The raw material and bought out items for every product are thoroughly checked invariably as per the prescribed quality assurance plan to maintain strict quality control. Similarly the manufacturing process at different stages incorporates routine testing based on methods, norms and quality plans as prescribed by the Indian and international standards. Quality of products and after sales service are the main strength of the company. Our rich experience of the past 25 years in catering to the specific needs of various customers uniquely positions us to meet your requirements too.

We pride ourselves on being a customer oriented company with an emphasis on quality control and innovation. We have come a long way up in a short span of 25 years, only because of the patronage of our customers. Today our production has increased manifold, giving us a grand customer base. Our strength lies in their satisfaction.
